## THE LONDON 2020 INTERNATIONAL STAMP EXHIBITION

The London 2020 International Stamp Exhibition which is accredited by the Fédération Internationale de Philatélie (FIP) is being held in the Business Design Centre in London between 2nd and 9th May inclusive. Major international shows have taken place in London for seventy years and attract visitors from all around the world. Britain holds a particular appeal to stamp collectors outside the UK of course because it has the oldest postal service and introduced the first adhesive postage stamp – the Penny Black – which will be a key theme of the show. 2020 also sees the 150th anniversary of the British postcard which will likewise be a major theme of the exhibition.

Royal Mail will have a stand at the show where a small number of commemorative souvenirs will be available to buy, one of which will be exclusive to the exhibition. Included in the range and available to purchase from Tallents House, via the Royal Mail website and at selected Post Office branches will be a Retail Stamp Book bearing the exhibition logo (available from 10th March) and the last ever Exhibition Sheet to be issued by Royal Mail which will go on sale from 2nd May. Further details about the London 2020 International Stamp Exhibition souvenirs being launched by Royal Mail will be announced in due course. In the meantime you can find out more about the exhibition by going to **london2020.co**

**Visitors to the show will also have the opportunity to buy stamps relating to a number of issues which will come off sale on the last day of the show, 9th May.**

Details are contained in the Stock List but for ease of reference the stamp issues concerned are:

- Prince Charles 70th Birthday
- Stamp Classics
- Leonardo da Vinci
- Birds of Prey
- British Engineering
- Queen Victoria Bicentenary
- Curious Customs
- Forests
